Student Behavior Expectations (MN RULE Subpart 1. L)

What you can expect from our teachers.

EPIC Endeavors Preschool Academy desires a happy and safe environment for kids because we believe every child deserves a place they can feel physically and emotionally safe. We also value a specific standard of conduct by staff as well as students to ensure an engaging learning environment that is free from disruptive behaviors that interfere with learning for all students.

You can count on teachers to model positive choice words with adults and children to model appropriate positive social interactions with others.

Our Positive Behavior System fosters EPICC kids.

Adults will continue to teach **EPICC** acronym expectations by showing explicit examples of what "it looks like, sounds like, feels like", to be **EPICC Kids of Character**.

Efficacy (produce a desired outcome & beneficial change)- Effort to excellence

Teachers will state verbally and model the desired behavior outcome expected.

Teacher will provide redirection to foster correct behaviors to meet our standard.

Polite regard for others

Teachers will model polite manners to be used while interacting with others.

If a teacher notices the following impolite/inappropriate classroom behaviors including:

- Punching, kicking, biting pinching, hair pulling, pushing, shoving, swearing, throwing (when not related to sports event)
- Actions which are unsafe or make other children or teachers feel unsafe or endangered either physically or emotionally.
- Inappropriate touching of other children.
- Harassment of children or adults (threatening, recurring teasing)

A teacher will notify the parents with a written incident report or message through Bloomz or google text and/or a parent verbal conversation or conference. Together, the parents and the child will may be asked to create an ICCPP plan or success action plan to correct the misbehavior.

If the persistent behaviors and impolite behaviors continues a second conference with the teacher and/or director will be scheduled. An outside expert may be invited to this conference if both parties agree and feel this could benefit the outcomes for the child. At this time, the director can make a decision regarding further future programming for the child. At this time, the parent may be asked to withdraw their child from the program permanently.

If the director allows for further attempts for behavior modification from the second conference and behavior modifications are not successful and sufficient progress has not been made, a third conference with the teacher and director will be held. At this time, the director will make a decision regarding further future programming for the child. At this time, the parent may be asked to withdraw their child from the program permanently.

Insight to understanding

All staff will assess student's learning modalities to better reach every child's learning style.

Student can earn recognition for great character when kids demonstrate traits:
